DETAILED ACTION

1. This action is responsive to the correspondence filed on September 22, 2005. Claims 28-50 are pending. Claims 1 is amended. Claims 28-50 represent collecting, analyzing, consolidating, delivering and utilizing data relating to a current event.

2. EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Glenn J. Perry.

Claim 28 is amended.

On claim 28, change "the subscriber profile data and the data resolution" to "a subscriber data profile and a data resolution" on lines 13 and 17 respectively.

3. Allowable Subject Matter

4. Claims 28-50 are allowed.

5. Pursuant to 37 C.F.R. 1.109 and M.P.E.P. 1302.14, the following is an Examiner's Statement of Reasons for Allowance:

The prior art of record fails to teach or suggest individually or in combination the claimed limitations of "providing at least one information network having an information

processing network for dynamically networking together a series of information processing units across at least one of a centralized database server or a distributed database server, and an information resolution network for dynamically networking together a series of information resolution units across at least one of the centralized database server or the distributed database server; automatically analyzing incoming data, wherein the incoming data includes at least one of raw data, repackaged data, or value-added data from source inputs; creating an incoming data entity information table for publishing event information tags; creating a subscriber request entity information table for publishing subscriber request information tags; resolving the incoming data entity information table and the subscriber profile data entity information table with system logic that matches at least one of the raw data, the repackaged data, external systems data, or programmed data with a specific subscriber entity request for information that may relate to an event; reporting results of the data resolution to the at least one of the centralized database server or the distributed database server, providing a composite picture of the event, conditions of an area surrounding the event, ancillary data that is related to the event, or any of at least one of the raw data, the repackaged data, the external systems data, or the programmed data requested by a subscriber entity during a course of the event; and providing any of the requested data to the subscriber entity requesting the data and to at least one third party" as in claims 28-50.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
